## THE OUTLOOK.

If one is to judge from present indications and such information as is obtainable, we are justified in thinking that former Governor Patterson will go down in defeat for the senatorial nomination next Wednesday.

Governor Patterson persistently charges that Congressman K. D. McKellar is being supported by the whiskey interests, which Mr. McKellar denies. He has stated to the anti-saloon league that he will support all measures looking to the suppression of the whiskey traffic.

On the other hand McKellar charges Patterson with insincerity and dangles before the eyes of the voters the past bad record of Patterson.

The strongest hold Patterson has on the voters is through the church people who seem to be very strong for him because he has "reformed." They seem to prefer a reformed bad man to a man who has a good record behind him all the way.

The strong points for McKellar are: If he is nominated the party will have no reason for not supporting him and the possibility of a republican being elected will be so slim as to not be entitled to serious consideration. It is claimed, too, that McKellar was the campaign manager for E. W. Carmack when he ran for governor on the prohibition ticket against Patterson a few years ago.

While there is a strong element that is heartily for Patterson there is a sentiment for McKellar that seems irresistible because he is not only regarded as the party harmony candidate and there are many democrats who are heartily sick of the dissention that has prevailed in the party for the past six or eight years.

All in all we should say the chances are more favorable for McKellar than Patterson to secure the nomination for United States senator next Wednesday.

Many reasons have been assigned for the great war now going on in Europe. The most logical we have seen is that the war is the outcome of democracy against sovereignty. Or the power of kings against the power of the people.

Some broad thinkers claim there will never be a lasting peace until the nations of Europe are federated under some such union as binds the states of our government and until the seas are free alike to all nations.

To rule the seas is as bad as to try to rule nations and neither condition can prevail and lasting peace come to civilization.

Modern democracy is a highly organized community that bases its existence on the strength of right as the supreme law and final end and aim of all government.

Modern sovereignty is a highly organized power that knows only force as the rule that accomplishes, and that accomplishment is the supreme end of enlightenment, without regard to justice.

Accomplishment that yields not to justice leads to chaos. Hence the only hope for future peace is in a modern democracy.

Congress convened Monday and the message of the president was read by him in person to both houses in joint assembly.

## FROM BUHL, IDAHO.

Interesting Items About Former Citizens of Cumberland County.

Buhl, Idaho.

Dear Chronicle:

Say, wouldn't you like to hear just a few words from your friends here? We are having the loveliest weather you ever saw, but it has been pretty cold.

I suppose some of you have heard of the grief of Mr. and Mrs. Jas. Giesen-fanner in the loss of their eldest son Frederick? He was taken ill very suddenly and lasted only a few days. They lost their baby three years ago and their second son Beecher lost one eye. Still Jim works on and continues to prosper.

Mark Brown and family returned to Rockwood, Tennessee, after a year's sojourn in Idaho. He made good while here, but pined for the wood-fires and spring-water of Tennessee.

W. O. Kearley is getting along fine. He has gone into the sheep business in connection with farming. He will cultivate 240 acres the coming year, with the help of his two boys.

The Kindricks are doing well; they have a nice home paid for in Buhl. Mrs. Kindrick is quite a nurse among the sick and makes good wages.

Albert Todd owns a fine ranch of 80 acres and is in the dairy business. Clifford and White Flynn each own 80 acres apiece, which they are improving.

John A. Brown resigned his position as water master and is giving his time to building and contracting.

Mrs. Emily Greer and daughter Mary, of Chattanooga, are here since September. They are spending the winter with her daughters, Mrs. Knotts, also of Chattanooga.

T. S. Flynn is farming and stock raising. We could give great reports on crops this year, but we will not boost the country too much as hard times might strike us.

Mr. and Mrs. Frank Palmer are spending the winter in New York. Mr. Palmer is one of the biggest ranchers here, and they are parents of two very bright little boys. Mrs. Palmer was formerly Miss Violet Flynn.

## PRICHARD-KEARLEY.

Mr. Ernest Prichard and Miss Pearl Kearley were united in marriage on Thanksgiving day, only a few invited friends being present. After a bountiful wedding dinner, they went to their home in Castle Ford, which had been tastefully furnished. Mr. Prichard is overseer of one of the biggest farms and fruit ranches here. He is a gentleman of the highest honor and integrity. Mrs. Prichard is too well known both here and in Tennessee, to need introducing, but they are indeed an ideal couple, and they have the best wishes of all.

A Tennessean.

## IMPROVING.

Mrs. J. J. Beyers, Lantana, who was so severely burned on the arms, legs and head by the explosion of a stick of dynamite in their home a few nights ago, is considerably improved and her final recovery is now thought to be sure. She may possibly lose the sight of her right eye, but conditions are now favorable to the recovery of that also.

## CITY ELECTION.

Will Be held One Week from Today and Warm Time Expected.

One week from today the regular annual city election will be held. As is usually the case, there are two tickets in the field and considerable warmth has already been aroused and there seems no prospect of conditions cooling off until after the contest is over.

In the Board of Education election there is a situation that needs explanation. Some persons were desirous of electing Charles Comstock to that place and it was thought that his name would be certified, but at a late hour Saturday night, which was the last day on which names could be certified, it was found that the name of Mr. Comstock had not been certified. An effort was made to secure the names, but as it requires 15 and the hour was late, the names were not secured and the name of Mr. Comstock did not get on the ticket. Previous to this the name of Cashier J. S. Reed had been certified and when he found that Mr. Comstock was to become a candidate he asked that his name be withdrawn. Later when it seemed that Mr. Comstock's name would not get on the ticket, Mr. Reed decided to allow his name to remain, hence his name was not withdrawn as he had intended.

There is some uncertainty as to just what the law is relative to voting for a justice of the peace on the same ticket as for the city board. For that reason there may be separate tickets and a separate ballot box for justice of the peace.

In this connection the voters should bear in mind that they do not have to vote for any person whose name appears on the ticket. You can write in any name you choose and by placing (X) after the written name the vote will be counted that way.

The ticket headed by the present mayor, J. B. Johnson, carries all the old aldermen, who are: H. C. Bandy, W. F. Cate, Mike Hale, W. C. Keyes.

The opposition ticket headed by L. T. Thurman has as aldermen: K. L. Bilibrey, P. V. Beadle, G. A. Haley, G. Smith. All of these gentlemen except Mr. Smith, have a signed card in this issue stating that they do not wish the people to vote for them. The following is the
